CAB #12009
FOR
JOHN DEERE 1 SERIES TRACTORS

PARTS LIST – ASSEMBLY INSTRUCTIONS

IMPORTANT
READ THIS MANUAL CAREFULLY AND KEEP FOR FUTURE REFERENCE

CAUTION!
REMOVE THE VINYL PANELS FOR TRANSPORT IN AN OPEN TRUCK OR TRAILER

WARNING!
THIS CAB WILL NOT PROTECT OPERATOR FROM INJURIES CAUSED BY ROLLOVER, COLLISION, OR OTHER ACCIDENTS
WARNING

This cab is designed to provide foul weather protection only. It does not provide protection from noise, exhaust fumes, chemicals or injury from collision, or other accidents.

1. Do not operate machine in confined areas without proper ventilation
2. Thoroughly check area of operation before using machine
3. The cab adds height to the machine. Low tree limbs and other overhead structures that did not interfere with the operation of the machine before, may now be obstacles

MAINTENANCE INSTRUCTIONS

Periodically check all bolts to see that they are tight. If bolts become loose, failure of cab parts may occur.

Door latches and hinges should be lubricated with light machine oil for proper operation.

DO NOT CLEAN THE CLEAR PLASTIC WINDOWS WHEN THE PLASTIC IS DRY.
THE CLEAR PLASTIC WILL SCRATCH.

Avoid contact with plastic windows. Keep plastic windows clean by washing them with clear running water and rubbing with your bare hands, only. The use of a rag, sponge or brush will scratch the plastic. Liquid soap may also be used for window cleaning. During freezing weather, an automotive windshield washer solvent may be used.

Use liquid soap and water to clean colored vinyl portions. Scrubbing with a brush or rag is also permitted on the colored vinyl portions

STORAGE INSTRUCTIONS

Prior to storage clean the windows and colored vinyl parts with a mild automotive detergent, rinse with clean water and allow to thoroughly dry, Store cab in a clean dry place out of direct sunlight. Avoid folding plastic windows.

INSTALLATION

READ THIS MANUAL COMPLETELY BEFORE BEGINNING INSTALLATION.

- The right side of the machine is determined from the operators seated position.
- The words "bolt" will refer to a 1/4"x5/8" bolt and "lock nut" will refer to a 1/4" locknut unless specified otherwise.
- Do not tighten bolts during assembly unless instructed to do so.
- Park tractor on level ground, lower attachments to ground, remove start key.
LIMITED WARRANTY
SNOW REMOVAL EQUIPMENT CABS

COVERED BY WARRANTY

ORIGINAL TRACTOR CAB CO., INC., (the "Company") warrants to the owner that each new product listed below is merchantable and free of defects in workmanship and material.

During the warranty period, the dealer from whom the product was bought, or the Company, will provide, free of charge, parts and the shipping costs of parts necessary to correct any defect in workmanship and material.

WARRANTY PERIOD

The company products listed below are warranted for the stated period from the date of the original purchase:
1. Cabs for tractors and snow removal equipment 1 Year
2. Company manufactured accessories for above cabs 1 Year
3. Sunshades for lawn and garden tractors 1 Year
4. Repair parts 1 Year

OWNER'S RESPONSIBILITIES

The owner of a new Company manufactured product must do the following to qualify for warranty service:
1. Retain the original invoice or other proof of purchase to avoid unnecessary difficulties in determining eligibility for warranty work.
2. Notify the dealer from whom the product was bought, or the company, as soon as possible after discovery of a possible defect, and provide proof of original purchase.
3. The owner may, upon notification by the Company, be required to return the defective part, or parts, to the Company for inspection and warranty service.

NOT COVERED BY WARRANTY

The following are not covered by this warranty:
1. Transportation charges to and from servicing dealer or the Company;
2. New products, which have been, subject to misuse, negligence or accident, or have been altered or repaired in a manner not authorized by the company;
3. Windshield wipers, lights, or accessories that are warranted separately by their respective manufacturers, except Company agrees to make available to the owner whatever warranty benefits may be made available to the Company by the manufacturers.

All implied warranties, except to the extent prohibited by any applicable law, shall have no greater duration than the warranty period for the applicable product, some states do not allow limitation on how long an implied warranty lasts, so the above limitation may not apply to you.

The Company's liability arising out of warranties representation, instructions, or defects from any abuse, shall be limited exclusively to repair or replacing parts under the condition in the warranty, and in no event will Company be liable for incidental or consequential damages. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have rights that vary from state to state.

</table>

**Tools Required:** 7/16" Socket & Wrench, 1/2" Socket and Wrench, 13 &15mm Socket & Wrench, Needle Nose Pliers & 3/32" Allen Wrench
Step 1; See Figure 1:
Use the parts list and Figure 1 to identify the steel parts.

NOTE: The cab is offset to the right to accommodate the loader control handle.
Step 2; See Figure 2:
Install right Foot (1) and right Foot Brace (3).

A. Remove the bolt and washer in the step plate at reference A.

B. Place the right Foot over the hole. Remove the washer from the bolt and replace the bolt, turn the bolt in far enough to keep the foot in position. **Do not tighten at this time.**

C. Insert a 5/16” x 3/4” bolt down through the large hole in the Brace and then the unused hole in the motor mount. Add a 5/16” flange lock nut to attach the brace to the motor mount as shown. **Do not tighten at this time.**

Step 3; See Figure 3:
Install left Foot (2), Foot Pocket Guard (4) and left Foot Brace (5 or 6).

A. Remove the bolt and washer at reference B.

B. Place the left Foot over the hole. Remove the washer from the bolt and replace the bolt, turn the bolt in far enough to keep the foot in position. **Do not tighten at this time.**

C. Place the Foot Pocket Guard in position as shown. Insert a bolt out through the holes. Place the small hole of the Foot Brace over the bolt. Add a nut. **Do not tighten at this time.**

D. Place a 5/16” washer over a 5/16” x 1” bolt and attach the left Foot Brace at Reference C under the tractor bracket with a 5/16” nut. **Do not tighten at this time.**
**Step 4; See Figure 4:**
Install Front Post right (long) and left (short) (7 & 8).

A. Insert a 1/4” x 3/4” bolt outwards through the hole in the Foot Brace, the lower hole in the foot and the post. **Add a locknut, do not tighten at this time.**

C. Insert a bolt outwards through the upper hole in the foot and the post. Place a hinge from the door hardware package over the bolt and add a locknut. **Do not tighten at this time.**

D. Repeat on left side of tractor.

**Step 5; See Figure 5:**
Install Top Frame Braces (10 & 11) and Front Panel Cross Bar (9)

**Note:** If you are installing the optional safety glass windshield omit Top Frame Braces.

**Note:** Bent ends of Top Frame Braces will point rearwards and lay flat when properly installed.

A. Insert a 1/4” x 3/4” bolt forward through the tab on the post, the end of the Front Panel Cross Bar and then the lower end of the right Top Frame Brace. Tighten just enough to hold the brace up.

B. Repeat on left side of tractor.
Step 6; See Figure 6:
Install the right and left Rear Post Brackets (12 & 13).

A. Remove the bolts and nuts at reference C.
B. Place the bracket on the tractor as shown.
C. Reinstall the bolts through the bracket holes. Do not tighten at this time.
D. Repeat the above steps on the left side.

Step 7; See Figure 7:
Install right & left Rear Posts (15 & 16), right & left Boxing Posts (17 & 18) and Vinyl Stays (14).

NOTE: When Rear posts are properly installed, latch plates will be to the front with the notch to the outside of the enclosure.

A. Insert a 1/4” x 1” bolt outwards through the right Boxing Post, the right Rear Post Bracket the right Rear Post and then a Vinyl Stay. Add a nut. Tighten enough to keep the parts upright.
B. Repeat step 7A on the left side with left Posts and another Vinyl Stay.
Step 8; See Figure 8:
Install ROPS Bracket right & left (Longer) (19 & 20).

A. Place the right ROPS Bracket over the ROPS as shown. Insert a 1/4" x 2 3/4" bolt through the clamp. Add a nut. **Do not tighten at this time.**

B. Repeat step 8A on the left side with left ROPS bracket (Longer).

Step 9; See Figure 9:
Install Top Frame (21)

**NOTE:** The front of the Top Frame has the “L” tabs located closest to the corners.

A. Place the top frame onto the bent ends of the Posts, ROPS Bracket and Top Frame Braces.

B. Insert six bolts up through the Rear Posts, the Front Posts and the Top Frame Braces. Add nuts. **Do not tighten at this time.**

C. Insert two 1/4" x 3/4" bolts up through the Rear Boxing Posts, ROPS Bracket and Top Frame corner tabs. Add nuts. **Do not tighten at this time.**
Step 10; See Figure 10:
Install the Doors for frame / door alignment.

A. Follow the instructions in the Door Hardware Package to install the Door Bottoms and the Door Latches.

B. **Install, close and latch both Doors.**

C. **Tighten all bolts from previous steps at this time.**

D. Remove the doors by lifting the door up and out of the bottom hinge then lowering out of the top hinge.

E. Place a plastic protector over the bent ends of each rear post.

Step 11; See Figure 11 & 11A:
Install Windshield (22) and Front Panel Vinyl (23).

A. Place the Windshield and Front Panel Vinyl face up on a clean flat surface. Press the hook and loop fastener together.

B. Lay the rod sewn into the top of the windshield over the top frame. Press the hook and loop fastener together around the corners of the top frame.

C. Secure the ties to the cross bar and Press the hook and loop fastener together around the posts.

D. Hook the springs under the motor mounts.
**Step 12; See Figure 12:**
Install Rear Curtain (24).

A. Press the hook and loop fastener together around the top frame at the back and corners.

B. Press the hook and loop fastener together over the rear posts and Vinyl Stays.

C. Use needle nose pliers to hook the springs onto the yellow zinc fender support rods.

**Step 13; See Figure 13:**
Install Doors and Top (29).

A. Install doors and connect the hook and loop fastener strips on the lower door & front panel.

B. Make sure that the rod sewn into the windshield is lying over the top frame. Place the top over the top frame.

C. Place four 1/4” flat washers over each of four bolts. Insert bolts inwards, add locknuts and tighten.
Optional Cab Accessories:

#10120   Safety Glass Windshield
#10122   Electric Wiper
# 9855   Flashing Amber Caution Light
#11133   Rear View Mirror, R or L Mount
#11560   Work Light Kit
